Paper 3
(Uganda and Field Work)

3 hours

INSTRUCTIONS TO CANDIDATES:

Answer four questions in all.

Section A is compulsory.

Answer one question from Section A and three questions from Section B.

*Any additional question(s) answered will **not** be marked.*

Credit will be given for use of relevant sketch-maps, diagrams and specific examples studied in the field.

SECTION A: FIELD WORK

1. For any **one** fieldwork study carried out on a market;
 - (a) (i) state the topic, and (02 marks)
(ii) outline the objectives of the study. (03 marks)
 - (b) Describe how any **three** of the following methods were used during the study:
 - (i) Observation.
 - (ii) Recording.
 - (iii) Interviewing.
 - (iv) Measurement.(09 marks)
 - (c) What challenges did you face when using each of the methods chosen in 1(b)? (06 marks)
 - (d) Assess the impact of the market on the environment in the area studied. (05 marks)
2. For any **one** fieldwork study conducted **either** as an individual **or** group,
 - (a) state the;
 - (i) topic of the study. (02 marks)
 - (ii) objectives of the study. (03 marks)
 - (b) Draw a fully annotated sketch-map of the area studied. (10 marks)
 - (c) Explain the relationship between the physical environment and human activities in the area studied. (06 marks)
 - (d) Outline the problems faced during the fieldwork study. (04 marks)

SECTION B: UGANDA

3. To what extent has the climate of Uganda been influenced by altitude? (25 marks)
4. With reference to specific examples, assess the impact of rural-urban migration on the development of Uganda. (25 marks)
5. Assess the contribution of plantation agriculture to the development of Uganda. (25 marks)
6. Account for the distribution of the road transport network in Uganda. (25 marks)

7. Assess the impact of the mining sector on the development of Uganda. (25 marks)
8. Study Table 1 below, showing the trend of fish catch ('000 tonnes) in major lakes in Uganda for the period 2014 – 2016 and answer the questions that follow.

Table 1

Lake	2014	2015	2016
Lake Victoria	245,000	250,000	260,000
Lake Albert	152,000	149,000	149,000
Lake Kyoga	38,000	50,000	50,000

Adapted: *MAHIF – UBOS 2015*
MAHIF – UBOS 2017

- (a) (i) Draw a comparative bar graph to portray the information in the table. (10 marks)
- (ii) Describe the trends in the fish catch on the lakes shown in the table. (03 marks)
- (b) Account for the differences in the fish catch on the various lakes in Uganda from 2014 to 2016. (12 marks)
