the part freeze hereon with a could number of the world and resea or God. was Jews, outcasts, Gentiles and other who were on which the church contras and expands: demicene feater and it believe in seau thirst as their land meriah. wearen Many under the influence of the bely spirit Rigination the beauto a foundation of possecution by to Roman empto Newbecause of their fuith m Betteleson and grew up in Normath (JELES) Just as letholics, protestants, JAA, Authodocs, However, in the 4th country charterity had become disciples but lake it expanded into a biggert St his tapes to St. John in the and ranginalised of society statiles under the guidance of Jaseph the cooperate The chritianity is a religious organisation where THE CHRISTIAN RELIGIOUS LIFE. Be Assessating to the fourth gespel the gope a sucodo he is said those seem and boin by a virgin In its beginness all believes of chimmanity Prese groupe of people found violent be in chaticusty sdepthy binuell as a chritianchurch death or the conid Modern times chitianity is world the N. I. Janu way from begins office the outstion of Jesus with show source recommendant tare and resumethon of Janu christ central around the resumentation durban faith and preaching under different Remination in galetu ur point

Nothing much is said about Jesus duing his growth in Nazareth until his ministry of Saying man kind from sin storted at the area 30 years. At 30y11, Jesu is baptised by John the Baptist and this is followed by his temptation as he was baptised the heavens were opened on we hely spirit descended to him in town of a dove. This was followed by the voice from whom am well pleased." from this experience, seem was led to the deserts where he fasted for fourty days and nights preparing for a great tousk ahead of him. From the desert Jerus came and started preaching we message of the coming and arrival of the kingdom of God He chose for himself disciples with whom he moved with for three years preaching we good news. With his disciples Jesus healed to sick, Cussed out demons, rose He dead Lack to live. Jesus' disciples were from different social backgrounds including the poor, tox collectors, illeterates etc. Jews' miracles above made him popular throughout the Jewish people but also caused hostility and opposition to him from the same

Jesus later collebrated He passover in stituting the holy communion (Euchanist) wing bread and wine as symbols for his blood and body which he offered to save sinners In his last days Jacus Visited in temple and disrupted business men especially man change and sellers of animals in the temple who revene were misusing 16 From the temple Jews went to Gratheramane to pray and there he was arrested by a group of solidiers guided by Judas Iscariot. After his arrest, Jesus was taken to the high priest and paraded before the council of selders who sentensed him to crustiction and death Evetually isens was crusticed on we cross alongside two criminals, one on his right and unoter on his left one side Janu died, were burned and on we third day he rescurrected as it was found by three women who had gone to the tomb to moun for his eleath. Later Jenu appeared and told his disciples that he had been given authority on the eight and heaven which authority he also gave to the apostles to do the same like him He later ascended to heaven to prepare for Chritians and his second coming (forousia) will mark the end of the coord:

THE EARLY CHURCH. On the day of penterast, the apartles of Serve received the body spirit who inspired them to speak in todagues. After He hely spirit coming super He apostles. my set out of the upper room of the Jennalen temple where they were hiding and started freeding He gespel in confidence and Loldness The apastles healed we sick and converted man from the peganism (un believing) and use such as sauce "converted from being of church persecuter" (chritanity) to be a follower of Jerry chit (Paul) By AD 200 the church (X-tianity) had been * firmly ecutablished and Rome to f a contre of persecutor turned out to be us headquaters of the preachers to good news where peter the tounder Gived. The events changed during the reign of empror Costa Constantine who supported and defended x-hung. leading to it's rapid expansion. At that time x-tianity become a stark religion spread across the world including surppe, America, Asia but most espacially Africa. Towards the are around 32010 some x-tians started asking to different gas to diritionity Heir own form c. y H re Did Jenu realy ressurrect, is he coming bout, shall we resurrect

\$ 7 1 5	they believe in repent of sin, they believe that God togives ones sins either openly or sitently.
380	They have special ordained leaders to guide and lead chatiens into worship and functions eguide postors, Revenands, fathers, Bishops atc.
TUS TOS	They have chritish feetivals and seasons. They celebrate to remind them about Jew and God by Easter, christmas to remind them Jesus and birth respectively.
HE HOLY AN PRINCE	They believe in we holy scriptures (Bible). The old testment has got 37 books and we new testment has got 27 books
63	They believe in faith in God as a filler of chatian lite whether tempting sousons or good ones, a chatian is expected to remain foithful:

Had son is	They believe sin is punishable by God Such sins on stending, fighting stilling etc c
criteria.	Chritians complexise giving offerings to Good and title in way of supporting we ministry of Good.

CHRITIANITY IN EAST AFRICA.

chritishing was brought to east thick during the loth century by the portuguese such as Francisco d'Almeida

He came to us cour African course and entoblished ichi hanty by the year 1720

When the Arabi come to but African coase the purhiquese rule come to an and a x-tionity appeared to the disd as arabi easterblished their rule and whom

However in the 19th century, A-tionity was inspired by
the coming of chintians surpens missionaries to our Atrion

The first missionary in E. Africa was Johannes
Ludwig krapf who arrived at the coast in 1874 and
rettled at Rubai mpyon

Missionaries continued to come to East Africa such as the church missionary society (CMs), He minhill fathers, Hely ghost fathers, white fathers, He university mission of central and East Africa (UM CA), methodist among others

The earliest missionances to come to Gost Africa centred at the const and lake penetrated deep to the interior of Gost Africa from the second half of the 19th century

Free JiAs	Missionaries gave and free gith eig millen clothes, beads to accept chritianity
Arapiles 10	They developed Legitomic trade volide involve exchange of goods and services that replaced slave teads

CHALLENGES FACED BY CHRITIAN MILLIONARIES IN THE SPREAD OF CHURCH IN EAST AFRICA. He trained some African for landership roles such 134 included autechests who frespool in the spread of the church He eastablished friendly and diplomatic relationship to Some African local chief which helped missionary activities to spread to the interior of coul Africa forexumple he Vizited aramba payle and met their chief Kiseyi who belied in the spread of the gospel He demensioned the x-tian principal of toggiveness among He tost Africans when he visited He Akanda Chief he was attended by wholers who were arrested at the and but lake he torgave them He entablished friendly her works we coastal arules such as the sutton seggid social and this led to at They faced a problem of hastile triber forexample He Nandi of Kenya who didnot want them to preach we gosper in weir land here a problem. Missionaries forced a prelien of language barrier They aud not communicate with throwns because both of Hem could not understand one's language here a problem Missionaries towed in problem is poor transport and communication in a feet that stey could nelonger communicase with their relatives, friends that had been less home.

Missionaries forced a problem of geographical being and where by they didn't know much about End Africa and when ky came it was difficult to climb mountains and ponetrale forests and crossing niver Missionaries toxed or challenge of inadquale tunds to invest in the activities like building schools, churches and haspitale which delayed their work. Missionaries forced a challenge of loss of their property which was taken by cost African people: Missionaries faceol a challenge of wild animals especially man enter in Tsavo which would disrupt their journeys preaching the gespel. Missionaries faced a problem or epidemic and tropical diseases terenample malurion and sleeping sickness which resulted into oleath hence a challenge Missionaries foued a problem of harsh climate forexample scortching sunshine, raintail which hindered war work or sprending the gespel to the East African people. Missionaries fexed a challenge of competition among themselves forexemple different groups competed against the other by the white forthers were against the church missionery society which caused confusion among to groups and believers' Missionaries foxed or challenge of strong belief it We African culture where by 16 was difficult to convince an African to follow Jesus hence he had his small gods which also became a challenge.

Unitionity. He provided charactele services to the east Africans in form of foods and food, shells and many Africans anded up anophing we gospel He created some employment opportunities for some Mixing who moved with him/worked at Ruber imply and this helped in we sprend of chritanity He trained some Africans for loadership roles such included catechist who helped in the grand of the church He exitablished friendly and diplomatic relations to some African local chiefs which helped missionery activities to spread to the interior of East Africa og he vicited Arambo people and made their chief kiseyi who helped in the greated of the gespel He demonstrated the chritian principle of forgiveness among he east Africans: When he writed the Azamba chief he was efforted by robben we were arrested as the and but lake he torgave wem Ite eastablished friendly ties come us crossful Arabs such as the sultan seggid said and this laid a peaceful foundation for He Arabia European relations He is the known between we Bortish and the Germans in east Africe by co-working with the British ejet he was a German He was the first european to explore the snow capped mountains on kilimathro and Kenya together with his colique Johanna Robman

CHALLENGES TO KRAPFS MINISTRY for transport and communication along the cost African and the interior popul duaves sy makerin despring siceness In favourable elimatic conditions eg heavy storms Larguage Jemise Hestile takes bargenu wild bouts acognished lower of mins, lakes strong . Atrican religion slave trade raids Islam had toeson seffect at the const I loudquete funds Lake and limited supplies eg food I had funte man pewer since he was the fact European misuway AND THE SPREAD OF THE REBMANN CHURCH. He was a German missionary and explores He was emeny the first turpean missionances along with his friend Krapt to eaker East Africa via the indian ecens . He was born in German and from his early age he was inspired to be a promber and a complessed of the His work is also thought to have but effect on fathere gespol African journeys by Gurapean like Sir Richard Lutton, John Space and Dr. David Livingstone He arrived at the East African coast in 1846 and have been the first think corred around the cocutal area Reliamon is credited to missionary to find Me kilionevans

burng his time in Africa, Johanns Retimann egg a diary from 1848 until He and of his lite la his diary, he work to way he trusted chariculty as something which kept him stable in He continent Part of his workings in his diany was taken from Pseulon 12 of the Lible which reflects his bolists "Restore and on to me the Jey of your salvation and great the a willing spirit to sustain me" Rebmann stayed in Atrica for almost 30 years with a belief that as a missionary one needed to be patrent in order to have an impact on the African people He lost most of his eye sights and even married briefly and leter died of Pneumonia THE CONTRIBUTION ROLE OF REBMANN TO THE SPREAD OF THE CHURCH W GALL AFRICA. He was a dirition feather and in his activities he taught kepyans or religion of christianity. He conducted several missionary journeys mereso at the coast where he spread the gespel as well as the interior Robinson was an explorer whose work expected us interior of tost Africo to the musicinanes in Europe He made a number of discoveries which attracted other missionaires to come to Gost Africa 6.9 he discovered mount kilimansano He worked and supported brokrapt in his ministry of

He workers in the process of tropslating H bible from English Version to Eiswahite language He wrote a dictionery in Esswahile language which supported linguistic study and this simplified communication He was a friendly missioning who easily related with Athans horse creating friendship and browerhood which present we spreading of the gespel He condemned slave trade and slavely in out Africa and also fought to ensure that it stops He precished against many backward African cultures lye human sacrifice, female circumcision and this helped in reducing the fast Atrian pipla. He helped at in pastablishing ex-sleve at Rubai mpya ano free frere town and also looked after them He world with Bombe Africans hand in hand to spece He church to the East African people He lowned some African language to helped him to connect with some African groups easily posseling the gespel and conven tem to divitionity @ Examine the contribution of Johann Rebonun in the Spread of chriticanity in East Africa

SLAVE TRADE AND THE SPREAD OF CHRITIANITY IN EAST AFRICA. slave trade was the act or buying and welling et human beings who were regarded as trems of trade by slave dealers Slave trade structed in the 16th century and 12 was high in He 14th century by He Arabs and by the coming of thutian millionance in cost Mica Millonone, should be intervien of decampaigning It because to way considered unha inhuman and un Godly in the 19th cent In the 19th century, African labourers were highly needed to work on the European plantations, mines and homes It was corned out between the African leaders and cecutal people When missimones came to Gout Africe, may were told the exils of slave trade suttening as well as missing It brought to Africans Missionanis decided to colide with it by condeming it and putting pressure on the moster nations to stop buying slaves in Kout Atrica as soon as passible PROBLEMS CALLED BY SLAVE TRADE TO THE AFRICANCE Many Africans lost their lives because of slave trade raids which at times involved shorting of Atriums who inknded to escape here was destruction of property such as homes and plantations of the African and this left many Africans misery and suffering

le led to the displacement of Africans from native homes as some ran auty from into hiding feat of being captured by slave raiden There was docline in the population of cost Africa many Atricans lost their lives and others were token away Ms slaves African labour was exploited on the forms of constal arehs who were farmers on clave plantations, sugar come plantations and coconut plantations. They were everworked yet my were not paid African women were sexually abused by arabs during slave trade. The arabs would buy them for sexual satisfection and also we then to buy others Hatred and unger developed among different communities of Africans because of castone raid on each other these premoted enemity and discounty among Africans There was insecurity in the interior of East Africa as communities raided on each other securching for slaves to buy and sell There was family breuk down because some family members were taken into slavery yet some men ran away from weir homes for fear of being rounded The people of the interior suffered from femine partly because of the able boarded young men and women who were taken away for slavery and this affected food production

he African diginity was undermined as human beings were reduced to commodities for buying and selling by the duve dealers. There was electine in some African cultures and some thicuns stopped practicing wir cultural religion but of invocunity from the raids of skove trade It made some Africans when many work the in the new communities sley can to in fear of being resided yet come African communities never intermarried It led to exploitation of African natural reasources especially minerals and tvory which were taken by the slave dealers & Africans who owned them turned out Issue African art and craft industry declined bue slave dealess imported finished goods into tout Africa such as beat micrors and clothes Some African leaders last their pour and authority eg se nyamweri chiese were raided by Mirambe be bringing nem under his control and leadership It contributed partly to the colonisation of the Africa by its British and Germans who came in the name of abolishing slove trade but ended up colonising ugander Kenya and Tangunyika for economic interests Atricure appened as slaves were loaded with the heavy trade Hems currying term from to interior to the coast of sout Africe and the some died on the way"

The many captured Atrians fored hard life involving constine courtine in coastline le led to the emergency of many orphus as lawed their parents who were taken as slaves it caid and other died change we raids THE ROLE PLAYED BY MISSIONARIES IN THE ABOLITION OF SLAVE TRADE. Musicannes condemned slave trade and slavery as an exil unwodly and sinful which helped to change the hie or Atrican Some Atrican chiefs were discouraged from participation in slave trading they cover They invited their home countries to take port in condenning the exil of slave trade and this helped to reduce on the tension of slove trade. The come invited the Entitle in Get Athica and see white fortiers invited. France who tought to abolish slave toude They preached and spread christianity among Mineral whose teachings and proutises emphasised love for one another and equality of all people regardless of race and status My any introduced and eleveloped Ligitimate trade-This was the trading of goods and services instead of human beings who were bold and bought to as commodition They introduced a developed couch grop farming among some Africans which became an pralknowing source of income other than each humans goys like coffee latter were

Missionaries fromided sounty and protection to some Africans in when mission stations this kept peace and surgeounded tout Africans from slower raids System in c. Africa. This belied them to penetrate areas which were domination be areas were alominated by They trained some Africans so as to empower Hen with spills of abolishing slave Trucke eg He Bombe Africans were training work and happend were and happend were training work and happend when work and happend were the sound to the interior They expersed micery and suffering tenen to a caused we caused the court Atricans on the international scene which helped to attract sympathy from British, French and creming came and pulticipated in the abolition of slave trade They reported and verposed mes African their and communities that involved in slave stracting which lowered the rate of slave trade They developed us estert sketch map of thick which was used by those abolishing slave trade in cost Africa-They sot up settlement and rehabilitation control for ex-slaves where my ended up rehabilitating them Physically and physioday cally

REMABILITATION OF RESETTLEMENT AND EL SLAVES IN E AFRICA Resemblement and Republication country/centres communities of theed slaves constructed to resent thouse treed slaves from the Londinge of showing In these compos, missionaries were supposed to surgerise and civilise He African ex-slaves in order toget he former life or slavery The much resettlement village (camp) was the Rogameyo Rehalletation contracted in 1 the by the Holy 4 hour feature (HGF), Frere town 182 by cms, Wedern in 1800, Maggro 1865 and Konden in 1105 The activity of resenting the ex-slaves was stocked by the come as early as seen they stocked an ex-slarg retabilitation centre at sharampur near Rombay (India) Laker they stouted garry centre in mauricians and we holy ghat torsees stated a centre and sto on wands or indon occur In the centres they put servitares who were rescused by the British army which was patrolling the indian DECEMPSin east thing, at the coast, retabilitation of slaves started in 1660's when ditterent missionary groups started connung in feel Mica controller put up movery to first moder modelitations control in who's which about alarmed we British to who PSCHILL INVESTOR

Set up a hespital for the works, ethnics for Atmany and a school for children bought in slave manses In 1866 about 110 explans were that all trois muscion and is in their rehubilitation and will there were bought in slave manets he umen also started the won of rebutility En-slures in 1884 under Eiling Torzer Bickop Torus tonight the Greslaves in cortechism and trade in order to prepare Hern for independent lite. In many slave communities, everything puible was done to ensure that many African has and atruder African Laligions KENIONS FOR THE ESTABLISHMENT OF ISE SLAVE TRA REMABLITATION CAMPS @ Account for the ecustorblishment or slave rehabilitation in camps in bout Attica (why) 2 The contabilishment and + or Slave not a "The exterblishment of slave rebublishmen and recetting of ex-slaves in Gast Africa was inevitable Discuss (why) 3 framine we role played by musicipages in he abolition of slate trade in Gost Africa:

The need to Join Evituh in its struggle against inde in south there and and suffering and missing and to Moran made us musiconnes to contablish when camps Missorgias contect to accomedate ex-sloves since most ted no places of residence becase my were distinged by share raiders Musiconnies counted to secruit the ex-states into the transfer in order to expend the church They would to involve a sluve trade into legitimate hade so that they produce crops for their own consumptions and maintage in order to improve on their standards of they wanted to protect we slove and their children bridg from histile confirment and slave trade raiders They required to previde counciling and guidance to ex-slaves so as to some hope and macong to Heir lives. They wanted a rehabilitation Villege to act as an esonomic centre where they would train ex-sluxes into self health skull like corporary, brick leying, Tyloning which would support ex-slaves oconomically They wonted settlement camps to out as contras for religious activities like prayers, Fellowship which would help kem opened the church Some w-claves had last Res forens and relatives have missionares would repossible them camps to be areas where co-slaves would be provided with love

Missionerias wanted to use settlement amps to sprend western civilisation by giving weeken education to be existence They wanted rebubilitation villages to cut as contag et chubian techning from these Villages, existaves were to be trught how to live in harmony with worth other to speciating, loving and fellowing He 10 commandments Missionaries wanted to overcome we problem of mun power as some ex-stives in the cottlement compe were to have help them transport we stems for preaching u gaspel They wanted to wan more converts through rehubitation centres as different missionary groups were competing for He converts They wented to outcompete Islam in out Africa by stoping slave trade & taking care of ex-slaves through rehabilitation centres They wanted to exploit African labour on their forms where ex-slaves were to produce cash crops for exports which were sold by missionanes for Survival They wanted to develop curepean home industries by eastablishing slave camps in were camps ex-slaves were to produce row makerials like cotten and cotton to be token a suppe in their mantauturing industries tay wanted to some rady moret for their moderhard goods in twope these goods could be bought by dislares some times using their little income

they wanted to grevent temuelou as humanknown so Hat local Atmens could accept & som Hern to expand chatian feath Missioners wanted to colonise sten or slayer and more them accept excepting is maken Indeed by the cond of the 19th certary coul Africa had been already relocing by A Burtsh . HOW THE REHABILITATION CENTRES LED TO CHRITIANITY THE SPREAD OF Wooder centres like churches were bust in compa and all the ex-sloves were by law required to go and attend all the activities in these churches hence spreading the gestel to them. deheals were eastablished in the camps, taught formal 2 education in the schools, catechists were trained who later trained Africans to accept Jesus as their daviour Medical services were extended to explaves and 3 all explaves were by law required to be a chritian was to nuess medical centrespersions Every freed slave was by law required to get baptised as a qualitionton to him we camp bence consisting were to full x-tranity Donly prayer were compeliory for all ex-sluves in we some committing the lives to Jews charit keeding to the spread and expansion of the church in Go God Africa Religious schools were and remnance were built in the comp to train treed state to become cutochets and priests him proy spreading & transity.

Bible study know were a must in for trees slaves in a comps which conviced them in balle enough here openion of the which. I some trend slaves were made leader in the and this prepared than to prouch gespel to the Athense In we church leading " be spread of gospel Howar in the comps were imports the time chilian mainings of monogeny which is based on love and compenienship The freed slaves were given land and bouse which wrede were to abscome independent and go grow story I 33 in chritian fruth Engled show you suffered It sty in the Mileger (confe) which made were freed slaves were suggested to stay in the Yilloges (comps) which meck som to live a x-tiun lite making the sprend or He genful fourthe METHORS USED TO REMADUTATE OF SLAVES Ex-slaves were provided with food which saved them from hurger streets starration and possible death. tents by were provided with accomedation in form a which sowed tom from the danger or starping to book in the bush Ly were given guidance of morning They were given guidence and counselling in their minds which helped them to appraciate the situation in order to begin later a new life.

They were provided with clother which helped to bring Louk wer human diginity with Jay and Modical remises were expended to them to track to make a like que qui nine was provided to them to the make a They were being patheal life with to prepare there They were trained in practical lite skill to propose Still them for self alliant of Gott making, brick laying with They were given Job opportunities where my corned with as catechile and coterence priests and the second They converted They converted them to religions of chritishity which made them to accept Jeny as their saviour prepared Hem for independence and also made them to become literaks. become literalls in a proper chritian way for mutual compare and comparen The adult ex-slaves were allowed to many each other in a ship of were given toster parents who took care of them hence improving their welfare French sloves were allowed to grow with crops such as cotton and cottee from which try turned income in erole to live an inclependent life

They were allowed to freely warrant and show the expenences with others and the bulger there to live as brother and sukers They were to abandon such processes of comme circumscusion, conditions in shines, silling or twing, human similare and adopt chritian practices are baption Some freed sloves were previded to with land I which helpful them to settle in order to how an independent way of lite. PROBLEMS FACED BY EX-SLAVES IN EAST AFRICA. they fored a problem of precurity they lived under tear or being reached by alove dealers. they laved decent auemedation in the comps since some had but excepted from their masters beaut lucked were to story They lucked a clear to goographical knowledge and undeutending of their netire homes here some and get lest on their wey have home They nuttered lesshows and less or company become my rearly new each other in the rehabilitections amongs Buy lowed medical care because they could not unity ages medical services yet some or them always the got you sice.

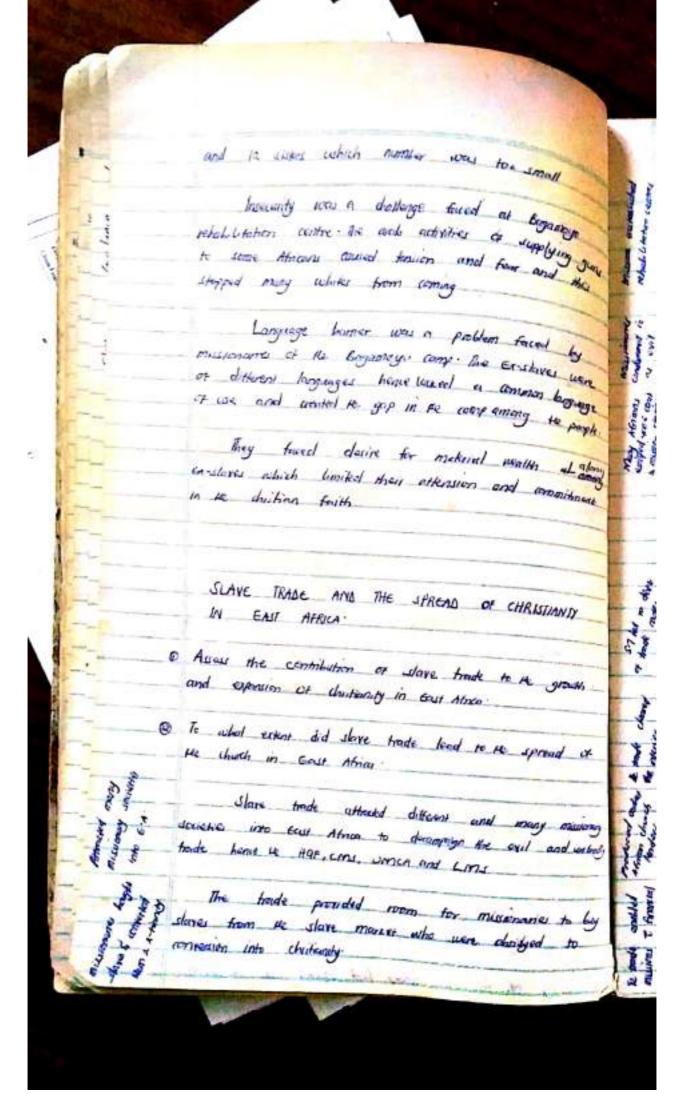

Adult me freed slaves suttered from sex stormers because they located company or their sexual parties They locked land for without at the cost African court yet to get into the interior was vilso ditheute They suffered from language barrier and this affected their communication with the wastal people and those in the camps yet they were different houngrounds Ex-slaves lauxed sources of income because they could not easily engage in any economic activity in order to Survive They forest tirescone and long distornes which physically weakened then especially these who had to more from the court back to the interior of tout Africa They found nutural barriers like foresty, livers and Some times wild animals which limited this mevenients bock home in the interior Ex slaves surkered from physicological tehne because of We bither experiences key had gone through as key were shaves even the chiticulties they foced when they had been fleed from slavery Some ex-slaves were explicits and others were too young to want an independent lite Some ex-slaves kept on feeling that they use not yet i free since he life of an ex-slove you equally challenging and come preferred to go book to slavery

Some test diving, some were buried white others were not burned because of the Various challenges taced in slavery SUCCESS ATTAINED BY MILLIONARIES IN THE REHABILITATION CAMES! X-tian wealing was developed among the ex-slaver with love to duition music dance and drawn replacing the traditional Abstance songs and dancer The explanes deteloped a lite of prayer like at Engeneye Key had to gray or for an how every day Africars in He camps come to believe in Jene as the lood and saviour. Buy strongly believed in their own resultation since Jew Ruy believed who resourceded the existaves adopted chitian manage toring on Moneyarry as the type of marriage which is based on love companionship and precommen Some Amount in the thirth bearing druck leaders alks going through seminary Education Buy seretore Lowerse priests and retreate here missionery willess African in He comps become Baptised and deped African traditions mitiation commence like circumstates have civilising of Africans by He missionials Africans would go to shurch and give thomas to God have replacing shares with chardes in their lives here missionary Success
